The Commodore's Corner

The Commodore's Mardi Gras Party will be held on Sat July 20th. We will begin at 5 pm with a lovely assortment of New Orleans style appetizers, and virgin Hurricanes. Dinner will include jambalaya, red beans, andouille sausage, skewered shrimp, Cajun chicken and roasted potatoes. Dessert is King Cake and beignets. Please sign up at yacht club or email me at rmprice@netsync.net so we know how much food to prepare. The cost is \$26.00 per person. Music will be provided by The Untouchables. Hope to see you there, Bob Price

Past Commodore:

Power cords are becoming an issue. Some finger piers do not have ground fault breakers. Some do not have the ability to lock the cords so the cords do not fall into the water. A lot of research is being done to find a solution. In the mean time, it is imperative that before you disconnect your power cord from your boat shut off the breaker. This way if your falls into the water there will not be a problem. Also, please keep your power cords out of the water, with the ever changing water levels this will continue to be a challenge

Did You Know...?

The Board approved an expenditure of \$400 per grill to replace the rotting ones on North and East dock. There was a comment made that this encourages a division within the membership. I have not witnessed this division in a couple of years. Anyone who spends time on the dock can see that there is more of a bond between members than in the previous years. These grills are for all members. If a group or a family want a little privacy at the Clubhouse these grills give other members a chance to give them this privacy. These grills do not belong to North or East dock, that is just where they are placed. These grills are not screwed to the dock they are mobile. North and East dock are just where they happen to be stored.

Let it be known that when using any of these grills, when you are done, please make sure the valves are closed at the tank or in the case of the Clubhouse the switch on the railing behind the grills.

Parking: The question has been answered. The stone parking lot by the Blue Water Tower has been designated for the DYC Membership only.
