News from the Editor

Happy New Year! Hopefully 2021 brings us happiness, good health, and most importantly an awesome boating season!

Message from the Commodore

Happy New Year! Hoping we can work our way through Corona this year. The board will do its best under the circumstances to provide a safe and friendly atmosphere. We will work together to solve the problems facing the club. Please don't hesitate to come to our monthly meetings with any concerns you have.

Secretary

Organizational meeting results were approved. It was also discussed to get slip assignments and any requests to Ken Kuwik, as these are coming in with dues.

Treasurer

Payments are coming in nicely. Make sure addresses are correct for billing.

Topics included in the treasurer's report included:

Membership to the "Yachting Club of America" (\$500/annually) approved.

Membership to the "US Sailing" -used for sailing classes (\$200/annually), held off for a decision to join this year due to Covid concerns.

Donation to the Knights of Columbus Club for use of meetings in the offseason (\$150). Decided to hold off for time being as meetings will be remote via zoom for the near future.

Refund from internet for domain services.

Rolling Membership Considerations

Presently 96 in the "100 Member" count

Timeline for inviting new members was discussed to invite them asap.

Facilities

Damage from December storm was significant but not unbearable. Lots of spots where the deck is missing. Plastic decking that is over the old wood which was not treated is warping and becoming loose under the plastic decking. Sections will have to be taken off to replace the lower layer before fixing the top. Switching to a face nail system that holds better. Line to road also needs to be repaired, as well as some finger piers that need to be rebuilt. It was also suggested to raise the bubbler pumps as well to keep them out of the water from the lake seiches. Power outlets height seem to be ok, it is the spray that trips many of them. The bubbler system removal was discussed as well. We are at the point where we have used these enough years that we are learning every season the best setup and removal strategies. Brett has been working along with Dan to plan for this.

Social

No report given

Education

Uncertain future this season for education. We will make sure sailboats are ready if needed. Many inquiries and interest on sailboat lessons, hopefully it will be offered this year. The timetable for getting the program started shouldn't take too long, but for now we are on hold for planning.

Dockmaster

Slip change requests and new member boat info will dictate Ken's new slip assignments.

Webmaster Report

Officers were asked to send a picture to Larry since we did not take a board picture

Vice Commodore

Donation was suggested to Elk's cub for hosting our annual meeting. Approval was granted for \$50 which should give us a future meeting space as well. Carl Lis mentioned that the Elk's Club approved Tuesdays were open for meeting if needed.

Old Business/New Business

Club flagpoles have been purchased. It was also brought up that internet Wi-Fi is not sufficiently giving a good signal to the further docks at the club, especially when all the slips are full of boats. Carl B will look into this for the best interest of the club.

Next Meeting date: Tuesday February 9, 2021 7:00pm via zoom <https://us02web.zoom.us/j/953193573>
