## News from the Editor

Spring is here! The club is preparing to open, boats are being pulled from storage, and we will be back in the water before you know it! My family has already been mentioning to me they cannot wait to get back to hanging out at the DYC and enjoying one of the best spots to be on the lake. Did anyone upgrade this year? I saw a picture of some pretty nice yachts on a freighter from Canada, they looked pretty amazing! It doesn't really matter what kind of boat you have, just getting out on your surrounded by water it the best therapy! If you have not already (thanks to those who have), please sign up for remind texts from the DYC. The instructions are below. Thanks!

Spring has sprung around the DYC!

DYC Automation Committee Report

Summary: Automation committee has been trying our different programs and looked into different subscriptions to see what would be the best software for our club's use. Looking into security and sharing capabilities as well as editing and viewing only options. The committee is going to continue working on this and will hope to get a decision soon.

## Treasurer

Comparing this year to last year we are on schedule with no noticeable difference in balances between the two years. Please keep committee chair informed on costs so we can keep track of where spending is done.

## For the Good of the Club/New Business:

The club is selling its pintails and trailers. If you are interested, please contact Alan Freville about details and cost.

Donations to historical society for \$100 was passed.

**Next Meeting date:** Tuesday May 7, 2024 7:00pm at the DYC and online via zoom
