Chris Piede-Newsletter

News from the Editor

It is boating season! I can't wait to see all of you at our beautiful club this summer. Remember, this is our club, and it is only as good as we make it! Please be sure to help in any way possible to make it the hidden gem of our area. Springtime is super bust for the Piede's, as I am sure all of you are busy as well. Just don't forget to make time to come down and decompress by either hanging out at the club to watch a beautiful sunset, have a cocktail, or take a cruise...it does wonders on the positive well-being that we all need!

From the Board (printed last month also)

Based on present guidelines and recommendations from the CDC and other governmental agencies regarding the COVID pandemic, the DYC Board is continuing to advocate for health and safety during our activities at the Dunkirk Yacht Club. The Club would like to promote healthy behaviors that reduce the risk of spread and infection. All club members, guests, and transients should practice strict hand washing hygiene, social physical distancing as appropriate, and masks should be worn when inside the club house at all times. If you are feeling sick or under the weather, please refrain from using the Club until you are well. Pending further clarification and guidelines by the CDC, these recommendations may change in the near future.

Membership

Membership Activity Report DYC Annual Meeting June 8th, 2021

Correspondence and Activity Summary

Application for New Membership:

Mark Zafuto
Maria Sasinowski

1.) Checking account now has [REDACTED]

2.) Only one outstanding Invoice.

Profit & Loss

1.) All bills have been paid.

2.) "Net Ordinary Income", is 25.15% better than last year.

For the Good of the Club/Comments

Anyone who has large amounts of trash after cleaning their boats need to take it directly to the dumpster. Members have been filling up trash cans at the club house after cleaning their boats and leaving the trash cans full.

New member orientation will be held this Friday June 11th followed by a social event. All members are welcome to attend and meet our new members.

Facilities

Opening day went well, a lot of work was accomplished. We will need to address the electrical wiring issue throughout the DYC. Subcommittee will be formed to assess the situation and strategize a plan. This will include replacing all old wiring with marine grade wire. Possibility of replacing all fire hose stations with fire extinguishers, this will be decided after talking with local fire department and insurance company. Trailer was purchased from Jim Christy for \$350, this will be used to trailer our second work boat offsite for the winters. Wind meter was requested to be installed at the clubhouse by members. After further discussion it was decided against. There is a wind meter at the Dunkirk lighthouse and outer buoy that are accessible online by the public. It was asked to put a link to this site in the newsletter or on our website for members to access. Conservation club reached out and asked if we could drive two pylons back down at the end of their docks, after further discussion we will be not be able to do this for them.

Social

Small turnout for the Memorial Day party. We will be having a 4th of July party this year at the club in the evening, beginning at 6pm We will have a pot luck dinner with burgers and hotdogs. Commodores party will be some time in August this year. Denis Wolfe will be looking into catering and pricing for the party. Anyone who would like to get involved and help with the commodore's party is asked to contact Dennis at 673-6582.

Next Meeting date: Tuesday July 13, 2021 7:00pm at the clubhouse.
