News from the Editor

This is it! This is what we wait all year for. Summer/boating season is in full swing! I myself am extremely busy, but even if I have a 2-3 hour window I make sure to get out on the water (unless it is a small craft advisory, which always seem to be my day off!) The newest toy we bought recently was a ball for pulling the tube and keeping the tow rope out of the water and tight. So far it works great!

Commodore

Carl H mentioned that the past Commodore’s invite is delayed and will be out asap. **It was also voted to continue to provide for Commodores and a guest to the annual Commodore’s party.**

Secretary

Video surveillance signs were installed by Greg this past month as you may see on various pilings in the docks.

Treasurer

Balance is staying steady in our checking account. Carl reporting looking good at this time.

Race and Recreation

Coming up events:

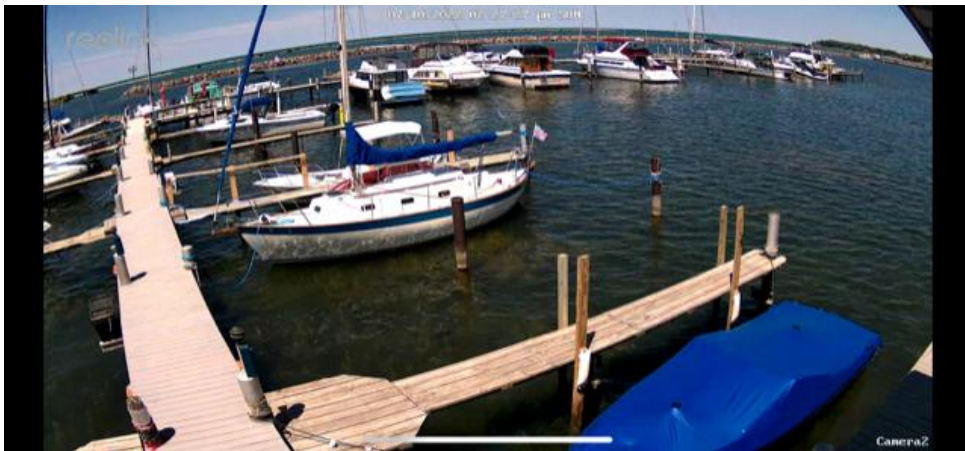

The Lake Erie Challenge will take place July 23-24 and the DYC will be hosting sailboats again this year. We will need some members to help clean that weekend, especially with docking and trash removal.

Facilities

New pump out is taking care of...thanks Dan Cassidy. It was discussed running a new line/upgrade to the meter for water. This will be in the works.

New Business

Three cameras are up and running. Thank you Carl and crew! Here are images of what they see. Discussion on how to send a link to view will done asap.

Clubhouse

Anybody who needs hours please contact Kathy as help is needed, especially in July and for the Commodore's party. 716-679-6075 or kadimore@hotmail.com

Spouses and children are also invited to help and get hours as well!

Education

Sailing classes were held at the DYC. Those who participated had a great time and learned much. My oldest daughter, Mia Piede, sent me some pictures shown below. Thank you to Mike Swenson and Bill McCausland!

New Business

Bob Price and Larry DeJonghe update as they are working on the electrical system. It was requested that we have a professional inspection of our electrical system for safety. It was then discussed by the board that we are nearing the end of the life expectancy of the current electric system and it needs to be addressed soon. A committee is being formed and will be meeting soon to go forward with a plan. Because of the electrical issues it was also discussed to have no swimming signs placed to deter swimming near the club. This was voted on and approved.

Past Commodore

Infrastructure meeting will be planned soon. Bubbler system being looked into as maybe something additional we could add to it?

Next Meeting date: Tuesday, August 9 , 2022 7:00pm
